

Ready. Set. Done.

DESK FRAME 1 is one complete full frame lifting column solution for electric adjustable office desks. Including frame, legs and feet. From a global supplier close to you.

Move. Improve. Now.

Raise the standards of work environments with height adjustable desks.

The world of furniture is changing rapidly with an increasing demand for adjustable desks. With good reason.

Height adjustable desks allow employees to easily change their work posture. From sitting to standing. And vice versa. Throughout a long work day, this movement has a positive impact on the ergonomics of every employee contributing to a healthier and better work.

Follow the trend. Get moving. Now.

Easy. Convenient. Done.

**Enjoy the convenience and
flexibility of doing business
with only one supplier**

At LINAK®, we are here to help your business grow. And we can only do so by offering solutions that match your specific needs.

Desk Frame 1 (DF1) captures the many benefits of one-stop-shopping and is developed to ease your work; From order handling to inventory control. From the initial product design to the final assembly.

You can have it all. The way you like it. In one place. This flexibility and convenience not only helps you develop better products – it also helps improve your business.

**Thousands
of
combinations**

Frame

Kick & Click™ is the innovative top frame for office desks. It is an easy and intuitive way to mount the columns to the tabletop.

Simply mount the different parts, “kick” them together and it says “click”. This means no screws and no tools for mounting.

Legs

Most of our lifting columns are available as a DESKLIFT™ SetPack solution bundling two lifting columns, a control box and a desk panel plus cables. This means that you will get everything you need for your electric system plus uncompromising design freedom as each part comes in different variants.

Feet

We offer a wide range of DESKLIFT™ Feet with a neutral and elegant design. This ensures that the feet will fit your LINAK lifting columns no matter their size, shape, colour, and type.

Frame. Legs. Feet.

Flexibility is key. Both in product development and in business

With the new Desk Frame 1 solution, you can have it your way. The complete and highly flexible solution includes three sets: Kick & Click™, DESKLIFT™ SetPack (DL SetPack), and DESKLIFT™ Feet (DL Feet), giving you all the elements needed to design and assembly a complete full frame solution for electric adjustable office desks.

Three sets giving thousands of possibilities

In short, the DL SetPack includes everything you need for your electric system and is packed in sets making your products lighter, easier, and more efficient to

handle. With the Kick & Click top frame system, desk assembly is easier and more time efficient than ever as no screws are needed. Finally, the DL Feet match your selected LINAK® columns.

So, whether you go with the full package or only need, for example, new feet, the DF1 solution offers an extensive and flexible product range that give you optimum freedom to design adjustable desk frames to suit your customers' needs.
